Our Credit Services

We will help you to choose a loan from our panel of credit providers which is suitable for your purposes.

The lenders we most often use include Secure Funding Pty Ltd, Money3 Corporation Ltd..

We will need information from you

We need you to provide us with complete and accurate information so that we can assess the suitability of the loan we propose for you. We cannot suggest to you, or assist you to apply for, a loan with a particular lender if that loan would be unsuitable for you. A loan will be unsuitable if it does not meet your requirements or objectives, or it is likely that you will be unable to meet your financial obligations under the loan, or could only do so with substantial hardship. For example, if you are unable to make your repayments without selling your principal place of residence, it will be presumed the loan will cause substantial hardship. We also must not suggest you increase the credit limit on an existing loan, or assist you to apply for such an increase, if the loan would then be unsuitable for you.

Copies of our Quotes and Assessments

At any time within 7 years of the date of our credit assistance quote, you may request a copy of our preliminary credit assessment.

We will provide you with our assessment within 7 business days of your request, unless you make your request more than 2 years after the date of our credit quote, in which case we will provide it within 21 business days of your request.

Fees payable by you

We charge an origination fee for arranging finance for our clients. In some circumstances, depending on the services we provide to you, we may elect not to charge an origination fee.

Commissions we receive

Commissions may be payable to us (including our employees, directors and credit representatives) by the credit provider for any loan we assist you to obtain. These commissions are not directly payable by you.

Commissions Payable by Us

We pay a commission to third parties or related body corporates, employees or related entities or referrer (usually being the supplier of the goods) for introducing you to us. These are not commissions payable by you. You may, on request, obtain a reasonable estimate of the amount of commission and how it is worked out.

Further Information

You may obtain information from us about how the fees and charges payable are calculated and a reasonable estimate of the commission likely to be received, directly or indirectly, by us and how the commission is worked out.
